DYNAVOLT
power your life

Die **DYNAVOLT GEL** Batterien sind extrem rüttelfest und überzeugen mit einer außergewöhnlichen Startleistung. Durch das festgelegte Elektrolyt in Gel wird eine enorme Startleistung erzielt. Die Batterien sind absolut wartungsfrei und bestechen durch eine sehr geringe Selbstentladung.

*The **DYNAVOLT GEL** batteries are extremely shock resistant and are persuasive with an extraordinary starting power. An enormous starting power is achieved by the solid electrolyte in gel. The batteries are completely maintenance-free and are featured by a very low rate of self-discharge.*
