

DESIGNED HERE TO WORK HERE!

- ✓ **MORE GRIP**
- ✓ **MORE MILEAGE**
- ✓ **LESS WEIGHT**
- ✓ **MORE VALUE**

MAXI GRIP® SG-789 Features:

- Cleats spaced further apart to give a bigger bite
- Cleat treads are deeper but still flexible so that clay and mud can be cleared with a flick of the throttle
- Tread rubber is tougher & more durable
- NZ trials confirm Maxi Grip® tyres deliver extended grip and tyre life
- Easier to fit to rims = less time lost in the workshop
- Available in a range of popular sizes for ATV & UTV's

Maxi Grip®
NZ DESIGNED FOR NZ CONDITIONS

“
At around \$70.00 per tyre you
won't find better value for
money, which is why I can say
that you won't go wrong with
choosing the ALLTerra VX15.
”

CHRIS POWER
Multiple NZ Enduro Champion

All-new DOT approved knobby!

From the brand that is now synonymous with unbeatable value, performance ATV tyres – Maxi Grip – comes the all-new NZ designed, road legal **ALLTerra VX15**.

FEATURES:

- Designed for NZ's predominantly soft to medium terrain
- DOT approved – can be used legally on the road
- More Grip with deep tread
- Deep centre blocks on front and paddle spaced knobs on rear deliver improved braking
- Front side knobs are bridged to improve directional steering grip when at extreme cornering angles
- Rear tyre staggered side knobs enable tyre to progressively slide using controlled throttle
- More Durable – All blocks are generously radiused to the tyre case to reduce cracking and knob / case separation
- Good stock NOW available!

SIZES:

100/100-18
90/90-21
