WASH TOLERANCE +/- 0.5 - 1CM

MEASURING GUIDE

- Ensure jeans are laid flat, All measurements above are on the "flat" and in CM. so you will be measuring one half of the jean, for full circumference double the measurement.

A - Measure directly across the very top of the waist band from one edge to the other, do not stretch the waistband.

B - From top of waistband measure down 20cm, roughly mark point and measure directly across from this point to measure the Hip.

C - Measure straight across from the crotch point across the thigh.

D - Measure up from crotch point to top of waistband

E - Measure from crotch point up to top of waistband.

F - Measure from crotch point down 33cm to locate knee, measure directly across for knee measurement.

G - Measure directly across the bottom of the leg for Hem.
