## Adult Boot Size Chart

| Insole Size      | 235mm | 240mm | 245mm | 255mm | 260mm | 265mm | 270mm | 280mm | 285mm | 290mm | 300mm | 305mm | 310mm | 315mm | 320mm | 325mm |
|------------------|-------|-------|-------|-------|-------|-------|-------|-------|-------|-------|-------|-------|-------|-------|-------|-------|
| <b>Euro Size</b> | 35    | 36    | 37    | 38    | 39    | 40    | 41    | 42    | 43    | 44    | 45    | 46    | 47    | 48    | 49    | 50    |
| <b>US Mens</b>   |       |       | 5     | 6     | 6½    | 7½    | 8½    | 9     | 10    | 10½   | 11½   | 12    | 13    | 14    | 14½   | 15    |
| <b>Kiwi Mens</b> |       |       | 4     | 5     | 5½    | 6½    | 7½    | 8     | 9     | 9½    | 10½   | 11    | 12    | 13    | 13½   | 14    |
| <b>Women</b>     | 5     | 5½    | 6     | 7     | 7½    | 8½    | 9½    | 10    | 11    | 11½   | 12½   | 13    |       |       |       |       |

## Youth Boot Size Chart

| Insole Size      | 210mm | 215mm | 220mm | 230mm | 240mm | 245mm | 250mm | 255mm | 260mm |
|------------------|-------|-------|-------|-------|-------|-------|-------|-------|-------|
| <b>Euro Size</b> | 32    | 33    | 34    | 35    | 36    | 37    | 38    | 39    | 40    |
| <b>Kiwi Kids</b> | 13    | 1     | 2     | 2½    | 3     | 4     | 5     | 5½    | 6½    |

Establish your size by matching the “removable insole” length from your own ride boots to the measurements listed. As a rule the insole measurement will be 15-20mm longer than your foot (around 20-25mm if you have a wide foot). Generally, motorcycle boots are worn one size larger than your everyday shoe size.
